Paul, you were the smartest, most intriguing man I've ever had the pleasure of knowing. I tell your great-granddaughter about you all the time. The Shakespeare club, the historical house in Natick, and the talks we had in your reading room. Thanks for watching over us. We miss and love you dearly.

Paul, you were taken from us too soon. Man I am gonna miss you big time. You were one of the funniest guys I knew. I wish I could have hung out with you one more time. When I think back, I remember the times in high school when we were in english class together with scott dougherty. I had some of the best times in there. This is hard to wrap my head around. But I might not see you again down here but I will see you again in the after life. Rest in peace, my friend.

My heart has broken with Paul's loss. We met in 9th grade at Seaford High School. We became quick friends, but neither had a clue what fate had in store for us. When he finally asked me out, he was so nervous, it was the cutest thing. We never imagined our relationship would bring us such a surprise. Never did we imagine a boy, who would change our lives forever. I have looked into Kortneys eyes on so many occasions and seen Paul. I have seen Paul in his smile, laughter and determination. We were so young, so much happened, and we lost so much. We grew with the years, and thanks to Paul being the loving, forgiving person he was, we became friends again. Paul, thank you for allowing our friendship to exist, for the forgiveness, for the ability to see a situation and make it the best it can be. Thank you for the smiles, laughter, and just the right amount of crazy to be fun..lol!!! Most of all, thank you for one of the most incredible sons on the planet. Paul, you will ALWAYS be in my heart, I will miss you, and I will ALWAYS have a special love for you. Fly free, Paul, fly free!!
