My condolences to the family. For a few years, Chris was the bus driver for my daycare children. I told her on more than one occasion that she was our favorite bus driver. She took care of us and made sure the children knew they were important and that they mattered. I would see her at Royal Farms and we would always make our way to the parking lot where we would catch up on life. She was especially proud of her family. I remember seeing her many nights at the Little League Field supporting her children and grandchildren. She will be missed but never forgotten.

I have known Chris for oh so many years. First she was my husband Larry Messicks family, they were cousins.when the girls were in school I drove them on my bus. Then when we had the restaurant in Greenwood she drove my bus and did the baking for us, she was a very good worker and loyal to us. I could go on and on how she was in and out of my life. I can say she had a great spirit and could roll with punches. I just always was fond of this woman. Rest in peace Chris.
