I had twins that were 3 months premature. I had never met Doris but she called me and said, "God never gives you more than you can endure" and I often thought of that.....

Doris was a very special person. I knew her and Bob from many years of camping. She was always happy and stoic even though she suffered terribly from back pain. She fought such a hard battle to keep going. I think that the Lord finally said, "no more Doris" and took her in His arms and led her home. Love and Blessings to the family, Jean and Jack McGee
